

presto

SQL On Anything

- Database query execution engine
- Large collaboration between IBM, Uber, Meta, ByteDance, and many more
- Large re-write happening to move core execution bits from Java to C++
- Production deployment datasets scale to PBs

Mentors (IBM):

US Timezone

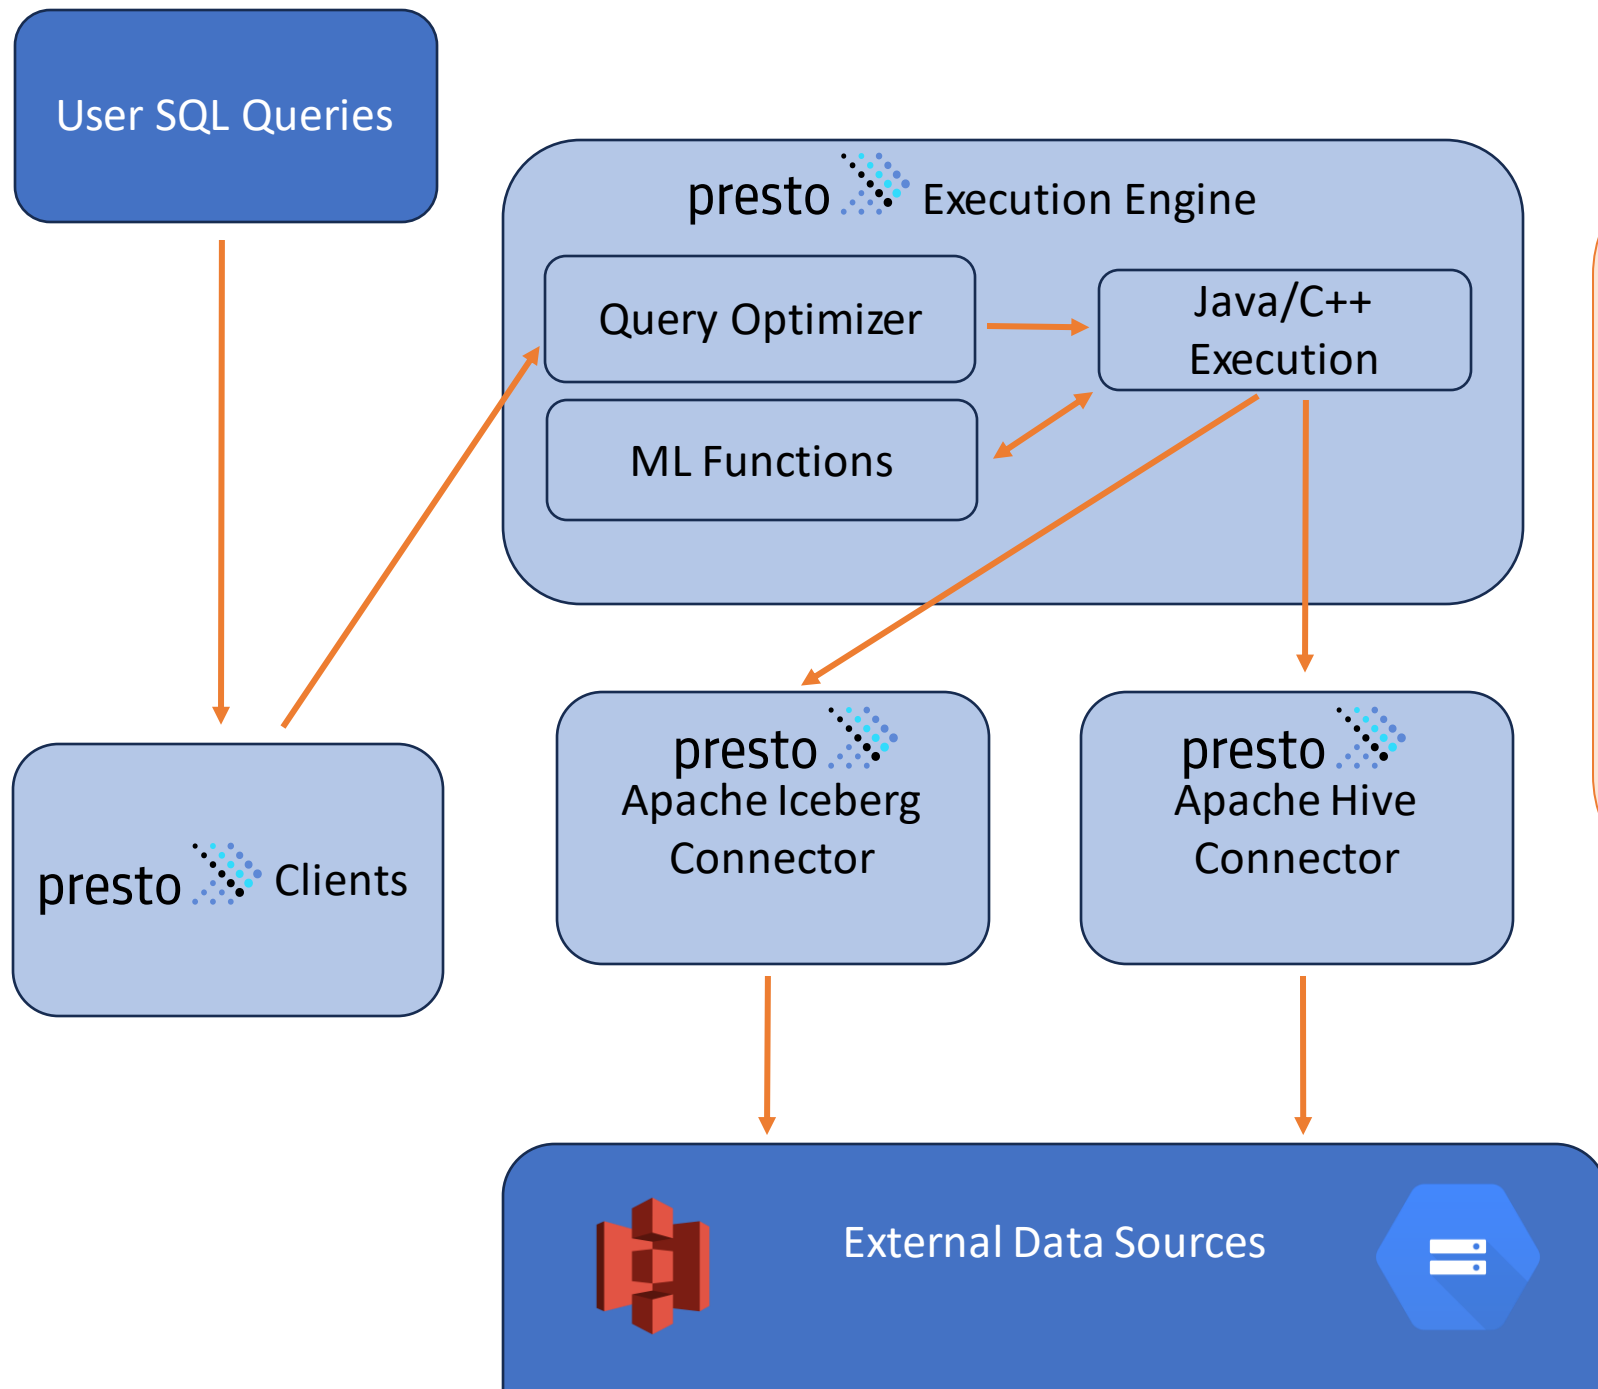

Zac Blanco (zac@ibm.com)

Pramod Satya (Pramod.Satya@ibm.com)

India Timezone

Reetika Agrawal (reetika.agrawal@ibm.com)

Jalpreet Nanda (jalpreet.nanda@ibm.com)

Potential Projects

- Apache Iceberg Connector bugs or performance
- Contributions to the C++ execution rewrite
- Web UI improvements
- Python & Go client improvements
- Documentation
